

Community Housing Alliance
Grant Application to the Riverbend Foundation
Submitted: March 3, 2026

Applicant organization: Community Housing Alliance
Tax status: 501(c)(3) nonprofit organization
Address: 1200 Elm Street, Springfield

1. Request

Community Housing Alliance respectfully requests \$250,000 over two years from the Riverbend Foundation. This is a request for project support for our Fair Rent Campaign.

2. Organization

Founded in 2009, Community Housing Alliance works to keep low-income families stably housed. We combine tenant education with policy advocacy at the state capitol.

3. Project description

The Fair Rent Campaign is a two-year statewide policy advocacy effort to pass tenant protection legislation, including limits on no-cause evictions and a statewide rental assistance fund.

Our primary strategy is policy advocacy: we will draft model legislation, brief legislators, and organize tenant testimony at committee hearings.

The campaign addresses housing stability and economic justice for renters who spend more than half of their income on rent.

4. Population served

The campaign focuses on low-income families who rent their homes, particularly households earning below 50 percent of the area median income.

5. Geography

The campaign is statewide, with organizers in eight counties and a coordinating office in the state capital.

6. Budget

Total amount requested from the Riverbend Foundation: \$250,000 (USD).

Year 1: \$130,000. Year 2: \$120,000.

7. Expected outcomes

Passage of at least one tenant protection bill, 1,500 tenants trained on their rights, and 300 tenants testifying or meeting with legislators.
